

ShoreTel Connect CLOUD Service Plans

SHORETEL FLEXIBILITY MAKES CLOUD SERVICES EASY

ShoreTel Connect CLOUD service plans offer a variety of unified communications tools and options—choose the right combination for your business needs

Convenient and Cost-Effective

Every business has unique communications needs. ShoreTel Connect CLOUD phone system and UC features are packaged in three different profiles, so you can subscribe to the mix of features that your company needs. ShoreTel gives you the flexibility to mix and match service levels allowing you to easily adapt to changing business demands as they arise.

Essentials includes all business telephony call handling features plus key UC features like instant messaging, presence, video calling, conferencing, web sharing and online meetings.

Standard offers additional features for supervisors, managers, and sales and service teams including expanded conferencing capacity, voicemail-to-text transcription, integration with CRMs such as Salesforce, and full UC capability on mobile devices.

Advanced increases conferencing and web sharing capacities for power users and adds recording, archiving and operator features such as consultative transfers and conferences for advanced call handling capability.

Add, reduce, upgrade and change service plans as you need. The ShoreTel Connect Portal management dashboard makes it easy to self-provision and add users as your organization grows. Profiles can be mixed and matched to align users with functionality that is required for their individual role.

Doing business with ShoreTel has always been easy. With ShoreTel Connect CLOUD service plans, we've made it even more brilliantly simple.
